Scholarship Fund

Guidelines for the Award & Processing of Scholarships
January 1, 2017

Contemplative Outreach is pleased to announce the continued availability of matching scholarship funds made possible through the generosity of donors. The intention of these funds is to encourage attendance at Centering Prayer retreats, formation programs, and other Centering Prayer spiritual enrichment programs. Such environments provide an experience for a deepening relationship with God, which is at the heart of Centering Prayer. It is our wish that no one would ever be prevented from attending due to a lack of funds.

Contemplative Outreach will match a scholarship amount awarded by a local sponsoring chapter or retreat house. For example, if the request is for a \$300 scholarship, the scholarship from the Contemplative Outreach Scholarship Fund would match the chapter's or the retreat house's ... thus, each would provide \$150.

The following general guidelines would apply:

All scholarship applications should come from the sponsoring chapter or retreat house to Contemplative Outreach (rather than directly from the person who will receive the scholarship). Scholarship application forms are available from Claire Eng at claire@coutreach.org.

All scholarship applications are to be submitted after the event assuring that the person actually attended the event. The registrar/chapter coordinator would complete and sign the scholarship application form and send to Claire Eng at claire@coutreach.org for final approval. A check for the amount of the matching scholarship will sent to the chapter or retreat house.
